There was one spoilt response, which was not counted.

A total of 112 recorded responses out of 982 on the electoral list for Fiskerton is a response of 11.4%.

Option 1. Develop approximately 200 houses North of Ferry Road. Running East to West from the school to Hall Lane. This option with the Paddock gives 26% open green space and the development itself has more than the minimum 10% required by the statutory regulations. The Paddock to be acquired as a community asset.

Option 2. Develop approximately 200 houses North of Ferry Road. In an L shaped from the school to Hall Lane. This option with the Paddock gives 29% open green space and the development itself has more than the minimum 10% required by the statutory regulations. The Paddock to be acquired as a community asset.

Option 3- 100 houses to be developed North of Ferry Road and 100 houses developed to West of the village to be explored. The land owners say the land is not available for development.

Option 4- 200 houses West of the village to be explored. The land owners say the land is not available for development.

Option 5. No allocation for housing in the Neighbourhood Plan. This would then mean the Central Lincolnshire Local Plan's option for the indicative 15% (approximately 90 homes) growth of Fiskerton as a minimum without a maximum being indicated, so this could lead to houses on the Manor Farm Paddock, houses to the North of Ferry Road and none, or not as many, of the benefits to the local community that are being proposed as part of the neighbourhood plan.

Option 6. No Neighbourhood Plan. This means the community will have no influence or say on planning matters that effect Fiskerton.
