People who have certain medical conditions are extremely vulnerable to coronavirus. The NHS has sent letters to 1.5 million people who are extremely vulnerable.

An extremely vulnerable person or their family/carer can request support online. Support includes getting essential supplies like food. You will be asked for the person's NHS number which can be found on any letter the NHS has sent them.

Request Community Help

People who are self-isolating at home and need support can request community help. Community groups, charities and parish councils are actively delivering support to people in communities across the district with shopping, getting prescriptions, dog-walking and friendly chat.
